State Board Examination will be held Monday, July 12, 2010 at 9:00 A.M., at Arkansas College of Barbering & Hair Design, Inc., 200 East Washington Avenue, North Little Rock. The Arkansas Barber Law only allows a Barber to perform practices to the head, face and neck of a customer.

**BARBERS CAN ONLY WORK IN A LICENSED BARBER SHOP.** Barbers and cosmetologists are allowed to work in the same shop. HOWEVER, you still have to license BOTH SHOPS with the appropriate office – you have to have a BARBER SHOP LICENSE and the cosmetologist has to have a COSMETOLOGIST ESTABLISHMENT LICENSE **BEFORE** either can work in the same SHOP. Failure to properly license each shop can lead to a FINE.

Before starting a barbershop you should submit a floor plan for approval by this office. This could save you some problems before opening. You must comply with the Americans with Disabilities Act. **STERILIZATION.** All barber shops and barber schools have to have in use **AT ALL TIMES** at EACH CHAIR, a Closed, Air-tight Cabinet for working tools and a WET STERLIZER. Make sure you use Hospital

grade Sterilizing solution and that you sterilize your clippers and use a disinfectant spray on them each and every time you use them before working on a client. Clippers must be kept in an airtight container with Fumigant in it. All other tools must be sterilized before use. We expect you to do this for your protection as well as your customers due to the many communicable diseases and especially with the AIDS disease. The Board does not require any barber to shave around the ears and neck of a patron. Cleanliness, sterilization, germicide and disinfectant are a **MUST** and a **PRIORITY OF THIS BOARD.**

The BARBER LAW requires that you **DISPLAY** your license in your barbershop at your workstation. **Barbershop Managers are directly responsible for ALL BARBERS in the shop having a CURRENT LICENSE BEFORE THEY ARE ALLOWED TO WORK!**

It is the responsibility of the barbershop manager and/or owner to make sure all barbers have a current license before being allowed to work. **Students are not allowed to work in a barbershop.** Barbers must be licensed in accordance with the laws set forth in the Arkansas Laws, Rules and Regulations for Barbering. Not adhering to these laws could result in a fine being imposed. SHOP OWNERS, WOULD YOU PLEASE WRITE THE NAMES OF THE BARBERS CURRENTLY WORKING IN YOUR BARBER SHOP ON THE BACK OF THE BARBER SHOP RENEWAL FORM.

**PLEASE INCLUDE A DAYTIME PHONE NUMBER FOR THE BARBER SHOP. IF YOU ARE USING A CELL PHONE AND PROVIDE THAT NUMBER PLEASE NOTE THAT IT IS A CELL PHONE ON THE RENEWAL.**

## Animals in the shop

Due to health reasons animals, reptiles etc... will not be permitted in barbershops. The Board will impose a **FINE** to any shop manager/owner who does not adhere to this ruling. This is a serious issue that must not be taken lightly and no exceptions will be made, however **you must comply with the Americans with Disabilities Act of 1990. Service animals are permitted.**

## Cosmetology Crossover Program

A program was implemented for licensed cosmetologist that will be beneficial to our profession. It is as follows: Licensed cosmetologist may enroll in an approved barber college for a work-study program approved by the State Board of Barber Examiners. The student must complete one hundred (100) hours of training and study in the approved barber college. Upon enrollment, a student license and a temporary work permit will be issued which will allow the student to work and study under the supervision of a licensed barber in Arkansas. The student must return to the barber college upon completion of one hundred (100) hours of supervised work study to be tested and each one hundred (100) hours thereafter for testing until a total of six hundred (600) hours has been completed, at which time the barber college may certify the six hundred (600) hours and the student may apply to take the State Board Examination. Upon passing the examination they will be licensed to practice barbering in Arkansas. The student will be allowed six (6) months to complete this program.

**THE BARBER POLE IS NOW A PART OF THE BARBER LAW AND CAN ONLY BE DISPLAYED WHERE THERE IS A LICENSED BARBER!!!!**

Barber Pole, Statute (17-20-102.) Definitions

(6) Use of the traditional symbol known as the "barber pole" which is composed of a vertical cylinder or pole with a ball on top, with alternating stripes of any combination including red and white, and blue, which run diagonally along the length of the cylinder or pole, or any likeness therefore, with the intent to mislead the public manner that would make the public believe that barbering was being practiced in or that a licensed barber was employed in an establishment that does not employ barbers.
